Brand Overview

Draft Tagline:

"Your Co-Pilot for Smarter Operations"

About:

SkySuite is an aviation-focused software platform designed to simplify and elevate flight operations. Built for **flight schools, flight clubs, and aircraft partnerships,** SkySuite integrates scheduling, billing, and maintenance management into one seamless solution.

Our mission is to **empower aviation operators with intuitive technology** that reduces administrative burdens, enhances efficiency, and delivers a modern user experience for aircraft owners, operators, instructors, and pilots.

SkySuite reflects:

- **Professionalism:** Reliable and trustworthy — a tool operators can depend on daily.
- **Innovation:** Forward-looking, modern design that feels tech-driven yet accessible.
- **Community & Connection:** Strengthening the relationships between flight schools, clubs, instructors,
- **Clarity & Simplicity:** Easy-to-use, intuitive, and designed with the user in mind.
  and pilots.

We envision SkySuite as the **next-generation standard** in aviation management software, offering not only robust features but also a brand that embodies **precision, freedom, and flight.**

Logo Variations

Our logo is much more than an identity. Use only the provided files of the logo. The logo cannot be drawn, redistributed, or modified in each way. The primary logo is best used for large displays such as website headers, brochures, and signage.

Primary Logo

SKYSUITE
Your Co-Pilot for Smarter Operations

Secondary Logo

SKYSUITE
Your Co-Pilot for Smarter Operations

Logo Dimensions

To scale the logo without losing quality, use the Vector .ai files. The logo can only be scaled proportionally. See the .ai files provided for the correct ratio and dimensions. The minimum size of the logo should be no less than indicated below.

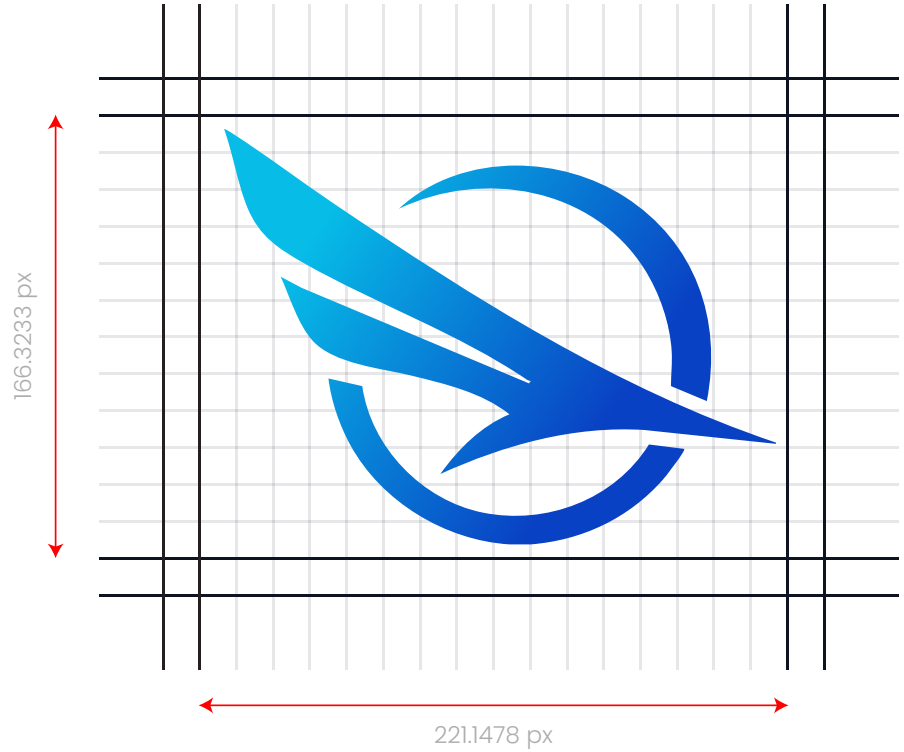
Logo Dimensions

It is important not to ruin the space around the Logo. If the logo stands out on its own, it will make sure the brand is easily identifiable. As it will be used in different sizes, we have a system designed that can be used in any measurement.

The distance between the height and width of the logo should correspond. This gives priority to the logo and ensures that it is is not obscured or diminished by other surrounding elements.



Acceptable Usage of the Logo

Use the logo on a plain background. The logo can either be light in color (White) depending on the background. The logo should always stay on it's own color. For all backgrounds, make sure that the logo contrasts well and is clearly visible. These rules apply to both solid-color backgrounds and images.

Improper Usage of the Logo

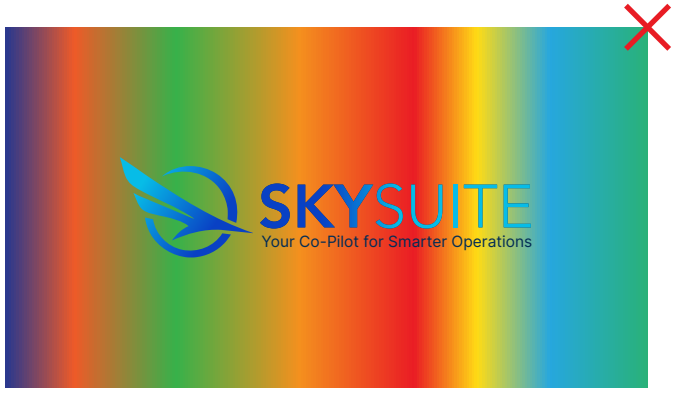
It is important that the appearance of the logo remains consistent. Here are examples of what goes into each case situation is unacceptable.

Do not Reflect

Do not Stretch

Do not Rotate

Do not Blur



Do not use Busy Background

Do not use Busy Background

Typography

Typeface 13

Fonts 15

Typeface

Clear communication is an essential part of our brand. Used consistently, font and typefaces play a significant role in reinforcing the brand. Typography is an art and technique of arranging type to make written language legible, readable and appealing when displayed.

The arrangement of type involves selecting typefaces, point sizes, line lengths, line-spacing, and letter-spacing, and adjusting the space between pairs of letters.
